

Guidance to Help You Enjoy the Gardens Safely

DO

- Wear appropriate footwear and keep to the paths where possible
- Look out for trip hazards e.g. tree roots, stumps, ivy, low branches
- Take care in wet conditions when certain areas could be slippery
- Be aware that there may be moving vehicles and grounds maintenance equipment being operated around the site
- Check the website for health and safety advice updates (<https://thwaite-gardens.hull.ac.uk/health-and-safety/>)
- Wash your hand before eating or drinking
- Provide us with feedback on your experience and any problems you might have encountered. We would welcome suggestions for any improvements which might enhance future visits (<https://thwaite-gardens.hull.ac.uk/contact-us/>)

DO NOT

- Pick flowers, foliage or cut branches unless you have had permission (some plants may be poisonous or act as irritants)
- Eat any fruit or other plant parts as some may be poisonous
- Climb trees or walls
- Walk on the flower beds
- Leave any litter

Please report to a member of University staff:

- Any accidents and near misses and ensure an accident form is completed
- Any emergencies, suspicious activity or hazards you may find
